

# INC *Blog*

Your Art Inc Monthly Newsletter

December 22

## TECHNIQUE OF THE MONTH

This month's featured technique is squish painting. Use lots of acrylic paint. Apply the paint in big dabs then push various plastic shapes into the paint to get a squishy veiny effect similar to the work of George Uvs.

We have had lots of new visitors who have thoroughly enjoyed the Art Inc experience. Our attendance rate is excellent and we thank the families, young people and schools for their support.

Well done Art-Inckers! This year you have taken part in, sculpture, bubble/ squish/ sugar/squeegee/string painting, cartoons, ink-blots, textiles, abstract, watercolours, glass- painting & many more.

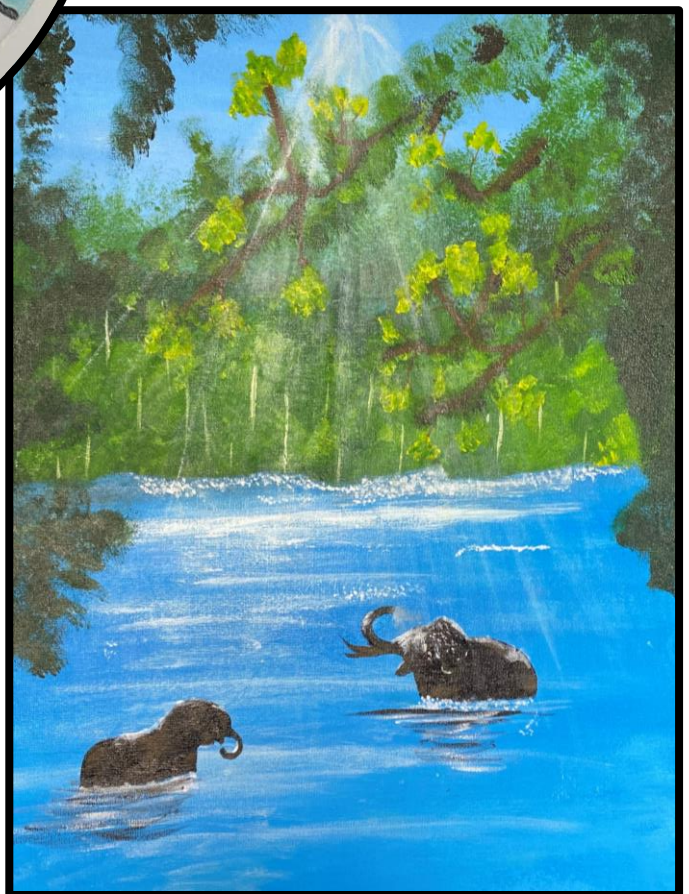

## WE LIKE TO CELEBRATE

This month we have celebrated some amazing successes with progress made in skills and techniques. We also celebrated a birthday, a pizza day and Christmas. We celebrate one of our young people making a fresh start in a new school and we wish him the best of luck! We share our best wishes and dreams!

# SUCCESS

Art work included in this month's newsletter was created by Archie, Izzy, Charlie Bianca & Ford
