Your Art Inc Monthly Newsletter

February 23

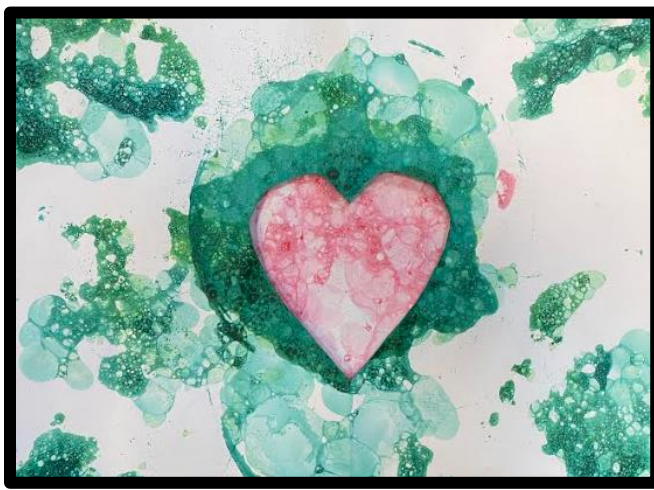

TECHNIQUE OF THE MONTH

Our technique of the month is soap pouring! Begin by painting the background with a range of acrylic paints. It works best if you choose colours that sit next to each other on the colour wheel. Then dry! For this to work the paint has to be dry and become waterproof. Then pour or spray liquid soap/washing up liquid on the top. Spray paint, dry and then wash off the soap! Voila!

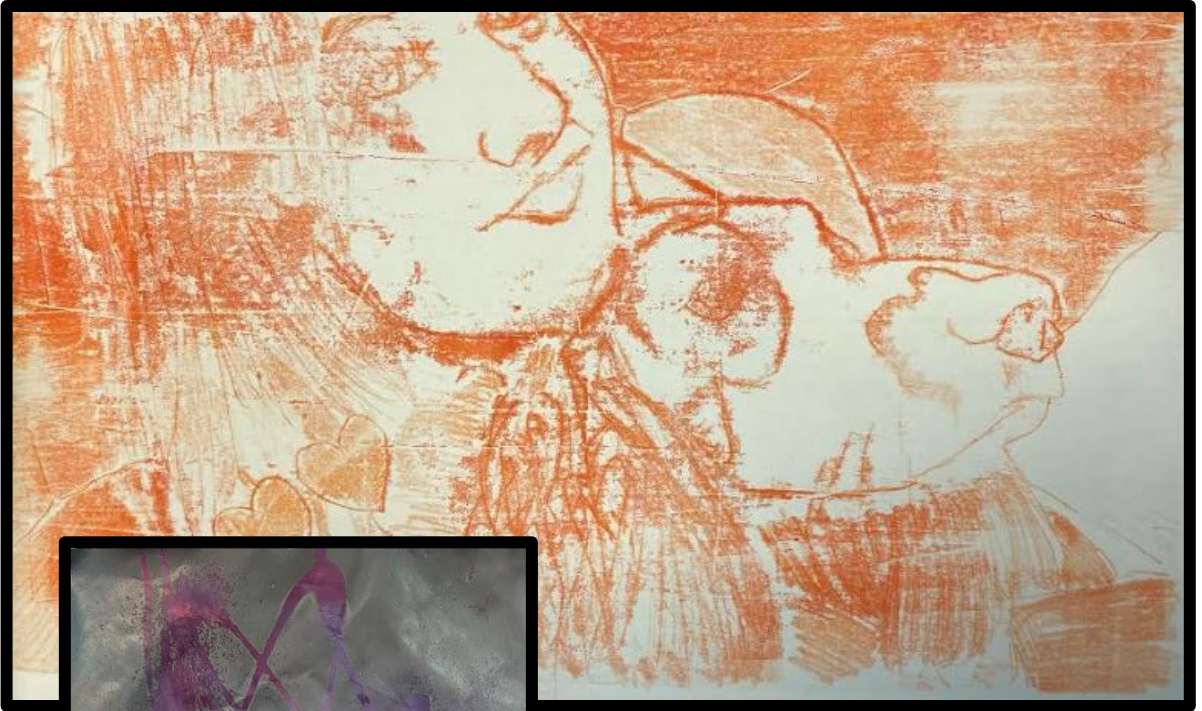

CREATIVITY IS KEY

At Art Inc we make all sorts of art. What is fantastic is how our young people add their own creative flair!

CREATIVE FLAIR

Art work included in this month's newsletter was created by Aidan, Bianca, Caitlin, Chelsea, Noah, Rio, Izzy, Stevie, Bella, Charlie, Charlie & Ford
